

Ms. Kat Schaffer, a TRN School Social Worker, is also a Master Gardener! Last Saturday, the Ocean County Master Gardeners held their annual plant sale: "Plants & People: Happy Together!" The Master Garden Green Teams offered over 500 varieties of dazzling, amazing, hardy for our zone, eye catching plants and hanging baskets. Ms. Schaffer is the co-chair for advanced education of all Ocean County Master Gardeners and is a member of the educational outreach team that goes out to schools in Ocean County to work with educators towards building sensory and teaching gardens in their schools. Pictured with Ms. Schaffer is her mentor, Ms. Noreen Baris, who continues to inspire and teach her about the wonderful world of plants.
