

The Toms River North Nautical Star Theatre Company proudly presents Pippin. Pippin is longing for something that will make his life extraordinary, but around every corner he is faced with disappointment. Throughout the play he struggles with depression and the idea that he just is not good enough. He leans a lot on the Leading Player. Totally oblivious to her sadistic ways, he naively follows her and others in hopes that they will lead him to the life he longs for. This contributes to a number of ups and downs which shape the heart of the production.

This show is rated PG-13 for language and mature themes.
