Memorandum

To: Board of Education

From: Special Services Department

Date: 12/8/21

The special education department is pleased to announce the very generous donation, from DonorsChoose.org, of a full-service oven for our 18-21 program. This oven will replace the existing oven that is no longer in working order. The "apartment", at High School East, is designed to give our adult special education students an opportunity to learn and practice daily living skills- including cooking and cleaning. This new oven will allow the classroom teaching staff to provide instruction and training on safe cooking for generalization into post-graduation and the real world.
