## ***RESOLUTION***

*Declaring the Month of February 2022, in  
the Toms River Regional School District, as*

### ***“BLACK HISTORY MONTH”***

WHEREAS, the Board of Education of the Toms River Regional School District recognizes the significant contributions of Black Americans in our history and current society; and

WHEREAS, the Board of Education of the Toms River Regional School District recognizes the opportunity afforded by “Black History Month” to heighten student and faculty awareness of the role of Black Americans in the growth and development of our country.

NOW, THEREFORE, BE IT RESOLVED that the Board of Education of the Toms River Regional School District recognizes the month of February 2022 as “Black History Month”. Administrators and members of the teaching staff of all schools in the Regional School District are encouraged to show their recognition of the role of Black Americans in our nation’s history by implementing, during the month of February 2022, a variety of activities designed to heighten student awareness of the important role Black Americans have played throughout our history.

# English Language Learner Three-Year Plan 2021-2024

New Jersey's Administrative Code (N.J.A.C. 6A-15-1.6) requires that school districts, "providing a bilingual program, English as a Second Language (ESL) program, or English language services (ELS) shall submit a plan every three years to the Department of Education for approval."

## Instructions:

1. The homeroom application will be available from December 1, 2021 through February 28, 2022.
2. This submission will include the district's plan for the 2021-2024 school years.
3. This is a 2-part submission:
  - a. Complete the Three-Year Plan Form.
  - b. Upload dated board-approved minutes in Homeroom.
  - c. You will receive instructions on how to upload the board approved minutes after you click submit.
4. Each response should be informed by available data.
5. All questions are required; you will receive an error message if any questions are left blank.
6. You may change your responses at any time; use the back and next buttons to toggle between sections.
7. Once you have carefully reviewed each section of your response, click the "submit" button.
8. Once you click "submit" you will not be able to edit the form responses.

## Background

### Purpose

In 2015, the Every Student Succeeds Act (ESSA) was signed into law, reauthorizing the Elementary and Secondary Education Act (ESEA). ESSA includes provisions to ensure:

- English Language Learners (ELLs) and immigrant students succeed academically.
- ELLs are provided high quality language instruction educational programs (LIEPs).
- ELLs meet both state academic standards and develop English language proficiency.

### Goal

The overall goal of the three-year planning process is to ensure an equitable and appropriate educational learning environment for students who are in the process of learning academic English. This goal is accomplished by:

- Increasing the number of ELLs who achieve English language proficiency (ELP).
- Ensuring equitable access to all programs and services in school for ELLs (ESSA §3001 and N.J.A.C. 6A:15).
- Providing schools with a framework for using data.
- Informing district policies and classroom practices, including effective instruction for ELLs.
- Providing a guide for districts to analyze and review data that relates to ELLs.
- Identifying trends and develop goals that will enable ELLs to succeed academically and linguistically.
- Aligning funding sources to ensure educators have the tools and skills to instruct ELLs.
- Ensuring alignment of program practices with the district's vision for student success.
- Articulating which LIEPs the district is implementing for ELLs for the next three years.

## Regulatory Requirements

N.J.A.C. 6A:15 Bilingual Education Regulations require that school districts submit a three-year plan outlining the programs and services they are providing for ELLs. The three-year plan must contain the following components:

- A. Identification of students.
- B. Program description.
- C. The number of certified staff hired for the program.
- D. Bilingual and ESL curriculum development.
- E. Evaluation design.
- F. Review process for exit.
- G. A budget for the bilingual and ESL program or English language services.

For further information see the following regulations: N.J.A.C. 6A:32; P.L. 2007, c. 260; N.J.A.C. 6A:13.

## A. Identification

For ELLs, the identification process must include measures of both content and language proficiency and development. Educators must be mindful of the screening tools used to ensure they are culturally and linguistically appropriate. The content area classroom teacher should consult with the bilingual/ESL teacher to ensure that screening tools are appropriate, including whether accommodations are needed. ELLs should also participate in school universal screening or benchmark assessments administered to all students.

Other sources of data may contextualize results from a screening tool. Other sources may include but are not limited to:

- Intake interviews in home language and English.
- Screening in home language and English.
- Grade level meeting notes.
- Academic achievement data (in home language and English).
- WIDA ACCESS for ELLs scores (composite and domain scores).
- Cumulative school records (previous schooling information).
- Cultural background information.

## B. Program Description

An effective and appropriate program includes a high-quality, evidence-based curricular LIEP design and harnesses the value of family engagement.

Pursuant to N.J.S.A. 18A:7F-46, the district board of education shall provide all kindergarten to 12th-grade ELLs enrolled in the school district with all required courses and support to prepare ELLs to meet the New Jersey Student Learning Standards (NJSLs) for high school graduation.

Also, family engagement in student learning and achievement is a central element that enriches and improves a student's ability to apply the knowledge and skills gained in the classroom across all facets of their personal, academic, and social life. Families should have input into the design of LIEPs implemented in the district. Each district board of education implementing a bilingual education program shall establish a parent advisory committee on bilingual education on which majority will be parent(s) of students of limited English proficiency."

### D. Bilingual and ESL curriculum development

As per federal and state requirements, ELLs must be provided equitable educational opportunities. School districts are required to implement LIEPs that assist ELLs in achieving English language proficiency (ELP) while learning the challenging content state standards.

In New Jersey, LIEPs include: Full-time bilingual, dual language, bilingual part-time, bilingual resource, bilingual tutorial, high-intensity ESL, sheltered English instruction, English as a second language (ESL), and English language services (ELS).

## E. Evaluation design

Annually engaging stakeholders to analyze data, assess needs and identify root causes, identify LIEPs, and monitor progress is a strong best practice to effectively improve academic support for ELLs. Consultation with diverse sets of stakeholders is also required under ESSA whenever a local education agency (LEA) receives federal funding. School and district leadership teams, inclusive of administrators, educators and parents representing multiple content areas and support services should be culturally and linguistically representative of the district and school populations. Districts teams must ensure LIEP(s) are effective and appropriate.

## F. Review Process for Exit

Students must demonstrate readiness to exit based on a department-established standard on the English language proficiency assessment (which measures the four language domains of listening, speaking, reading, and writing) and multiple criteria included in the English Language Observation Form. A student can be eligible for exit with an ACCESS for ELLs or WIDA MODEL composite proficiency level of 4.5 or higher.

In addition, former ELLs must be monitored for two years after they exit ELL status to evaluate their academic progress and ensure they have not been prematurely exited, have no gaps in content knowledge and their progress in ELP is supported.
