Re: Permission to Tri-Op, Girls Wrestling

Date: January 20, 2026

I am requesting permission to begin the application process with the NJSIAA and the Shore Conference to tri-op girls wrestling in the Toms River Regional School District. The sport continues to grow nationally and Girls Wrestling is now recognized as an individual, stand alone sport by the NJSIAA and the state of NJ. Presently there are 10 girls (6 TRS, 4 TRN, 0 TRE) participating in wrestling in our district. Because this number is not large enough to create three individual teams in our high schools, our girls train with the boys at their individual schools. The Tri-Op designation will enable our girls to be organized and compete as one Toms River team in the future. Please let me know if there are any questions.

Thank you.

Submitted for Toms River Regional Board of Education: Submission of Grant Application

What: New Jersey Learning Acceleration Program: High-Impact Tutoring Cohort 3
Location: elementary schools
Primary applicant/team leader: Cara DiMeo, Rachel Cicala, Mike Kenny
Audience: grades three and four students
Funding amount: \$320,000
Grant period: May 1, 2026 through May 31, 2027
Funding Source: New Jersey Department of Education
Application deadline: Feb. 26, 2026

APPLICATION SUMMARY

It is the intent of the New Jersey Learning Acceleration Program: High-Impact Tutoring Grant to support districts to provide high dosage, intensive tutoring by focusing on high-impact tutoring interventions for students who have been disproportionately affected by the pandemic. This grant opportunity prioritizes districts with elementary schools and their students in grades three (3) and four (4) but will allow LEAs awarded the grant to serve additional students as needed and optimizes funding for targeted tutoring through identified vendors or organizations in addition to schools and districts that meet established, research-based criteria. The New Jersey Department of Education (NJDOE) has established a single thirteen-month project period grant program. Eligibility is limited to New Jersey Local Education Agencies (LEAs) whose average student proficiency on the 2024-2025 New Jersey Student Learning Assessments in grades 3-8 was less than 50% in ELA and/or mathematics. Grantees of previous High Impact Tutoring Cohorts are also eligible to apply.

Enter the date on which the applicant LEA's Board of Education has authorized or will authorize submission of the current year application/amendment. 2/18/2026 The board resolution must be maintained on file for audit purposes.

The applicant hereby authorizes the submission of the New Jersey Learning Acceleration Program: High-Impact Tutoring application for Fiscal Year 2024, and accepts the grant award of the funds upon subsequent approval of the application.

#74187

CLASSIFICATION: OHI

PLACEMENT: Matawan – Keys Academy

PRO-RATED TUITION: \$26,760

DW/jh

This student is classified eligible for special education and related services based on the criteria of Other Health Impairment. The district has provided the student with both academic and behavioral intervention to the best extent possible. The student is in need of a structured program that will provide mental health and recovery support in a small environment that is equipped to handle his academic needs. A higher level of support is required to meet the student's needs. Therefore, an out-of-district placement has been recommended by the team.

This student is classified eligible for special education and related services based on the criteria of Autism. The district has provided the student with both academic and behavioral intervention to the best extent possible. His needs are over and beyond what the district can provide in a public school setting. Therefore, an out-of-district placement has been recommended by the team.
