Statement from Mayor Thomas F. Kelaher on the Save Our Schools Rally December 10th

“As the Mayor of Toms River, I wholeheartedly support the community effort to petition Governor Murphy and the State Legislature to reinstate the funding that was arbitrarily taken away from the Toms River Regional School District,” Mayor Thomas F. Kelaher stated.

“This illogical action has had a devastating effect on our entire township and is causing the deterioration of the quality of our education in Toms River. I urge everyone in Toms River and beyond to continue to support this effort with the rally at the State House on Tuesday, December 10th as we fight to restore the funding that our children and school system rightfully deserve,” Mayor Kelaher said.
