

Welcome Message from Principal Paul Gluck

Welcome to Toms River Intermediate South.

Your years at South promise to be filled with positive experiences and will be a time of tremendous personal growth and development. The programs at Intermediate South offer many opportunities for you to explore new things and to learn more about yourself and your unique talents and abilities. Our academic program is designed to be challenging, yet one where all students can succeed. In addition to our academics, we have a wide variety of extracurricular programs, athletic teams and after-school clubs. I urge you to take advantage of these experiences as they offer chances for you to meet people who share your interests and form new friendships.

The teachers, counselors, and administrators recognize the natural uncertainty that comes with any transition. We are, therefore, sensitive to the needs of the students who are new to the school. We will do anything that we can to make you feel comfortable in your new environment. One thing that we know for sure here at Intermediate South is that students who approach the school and all that it has to offer with enthusiasm and a positive attitude will meet with success.

I look forward to working together with you as you challenge yourself to meet new goals. Remember that what you do day by day now will have a very real effect on your future and on the futures of the people in your life. Challenge yourself to make your journey through intermediate school an inspiring one... one that will get you where you want to go and help you to become the person that you want to be!

Paul T. Gluck Principal
