

Hello Pirate Parents!

As we approach the end of another unprecedented, most challenging year, we would like to take this opportunity to express our appreciation and gratitude for your continued and unwavering cooperation and support throughout this year. We understand that patience may have been tested at times, and the words 'log-on' and 'Google Meet' may have become a part of your everyday language. However, with the hard work of our teachers, support staff, students, and you, we got through it all-together. We know things still look different as we close this school year, and we will keep you informed throughout the summer as we receive guidance for the 2021-2022 school year.

Here is the email that was sent to the entire district yesterday RE: masks-

To our Toms River Regional Schools staff, parents, and families:

Following Governor Murphy's recent announcement which eases mask restrictions in cases of extreme heat, the district will make the wearing of masks optional effective June 9, and for the remainder of the 2020-2021 school year. This pertains to all environments-- on buses, outdoors, and in all classrooms and common areas. Staff and students who choose to continue wearing masks are encouraged to do so, and the district remains committed to its ongoing efforts ensuring our schools are safe and healthy. Thank you.

\*Should you have questions, please contact your child's teacher, nurse, or the Main Office.

We do ask that you continue to refrain from sending in whole-class snacks.

\*We are planning for the return of our district Chrome Books that many of you signed out. More information will soon be forthcoming.
