BELIEF STATEMENT

The Toms River Regional Schools believes that positive student commitment and behavior are essential to effective learning. At the same time, student behavior is at times a problem in our schools. We believe that it is important to help students realize that their own attitudes and actions are directly related to their school experiences and those of their classmates. With the support and assistance of school personnel and parents, all students have the capacity to demonstrate actions which contribute to the effectiveness of schools and the worth of their learning experiences. Commensurate with their maturational levels and individual abilities, all students can behave in ways that enhance the social relationships of the school and facilitate learning. The user is personally responsible for his/her actions in accessing and utilizing the school's technology resources. Students are advised never to access, keep or send anything that they would not want their parent(s)/legal guardian(s) or teachers to see. Network storage areas may be treated like school lockers. Network administrators may review communications to maintain system integrity and to ensure that students are using the system responsibly.

5200 ATTENDANCE (M)

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, guardian, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

In accordance with the provisions of NJ.A.C. 6A:16-7.6 and for the purposes of this Policy and Regulation 5200, a student's absence from school will be excused, or unexcused that counts toward truancy.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. A student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Any absence because of a religious holiday must be recorded in the school register or in any group or class attendance record as an excused absence. Such absence must not be recorded on any transcript or application or employment form or on any similar form.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level or loss of credit or removal from a course that would count toward the high school diploma in accordance with policies of this Board. A warning notice shall be given to any student, and to the parent of any minor student, who has been absent more than 5, 10, or 15 days in any one school year, excluding any absence attributable to disciplinary suspension. Twenty days absence from school may constitute loss of credit.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student's participation in co-curricular activities and/or athletic competition. Repeated absences from school
interfere with efforts of this Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study. Before any such action is taken, every effort shall be made to identify the habitual truant, investigate the cause or causes of the student's behavior, and consider the modification of the student's educational program.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.

Adopted: 18 July 2006
Revised: 16 December 2014
The Board believes that an effective instructional program requires an orderly school environment and that the effectiveness of the educational program is, in part, reflected in the behavior of pupils.

The Board of Education expects pupils to conduct themselves in keeping with their level of maturity, with a proper regard for the rights and welfare of other pupils, for the educational purpose underlying all school activities, and for the care of school facilities and equipment.

The Board of Education believes that standards of pupil behavior must be set cooperatively by interaction among the pupils, parent(s)/legal guardian(s), staff and community, producing an atmosphere which encourages pupils to grow in self-discipline. Such an atmosphere must include respect for self and others, as well as for district and community property.

The best discipline is self-imposed, and pupils must learn to assume and accept responsibility for their own behavior and for the consequences of their misbehavior. Staff members who interact with pupils shall use preventive disciplinary action and place emphasis on the pupils’ ability to grow in self-discipline.

The Superintendent shall develop general guidelines for pupil conduct on school property and shall direct development of detailed regulations suited to the age level of the pupils and the physical facilities of the individual schools. Board policy requires each pupil of this district to adhere to the rules and regulations established by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. The Superintendent shall provide to pupils and their parents/guardians the rules of this district regarding pupil conduct and the sanctions which may be imposed for breach of those rules.

In developing regulations to implement this policy, the Superintendent shall provide appropriate recognition for pupils who consistently maintain high standards of self-discipline and good citizenship.

A. Policy Statement

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student’s ability to learn and a school’s ability to educate its students in a safe and disciplined environment. Harassment, intimidation, or bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s) or adoptive parent(s), legal guardian(s), foster parent(s), or parent surrogate(s) of a student. Where parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided such parental rights have not been terminated by a court of appropriate jurisdiction.

B. Harassment, Intimidation, and Bullying Definition

“Harassment, intimidation, or bullying” means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic;
2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;

3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that

a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student’s property, or placing a student in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or

b. Has the effect of insulting or demeaning any student or group of students; or

c. Creates a hostile educational environment for the student by interfering with a student’s education or by severely or pervasively causing physical or emotional harm to the student.

Schools are required to address harassment, intimidation, and bullying occurring off school grounds, when there is a nexus between the harassment, intimidation, and bullying and the school (e.g., the harassment, intimidation, or bullying substantially disrupts or interferes with the orderly operation of the school or the rights of other students).

“Electronic communication” means a communication transmitted by means of an electronic device, including, but not limited to: a telephone, cellular phone, computer, or pager.

C. Student Expectations

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents, school employees, school
administrators, school volunteers, and community representatives, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects that students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, and bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority);

2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;

3. Student rights; and

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, students, instructional staff, student support services staff, school administrators, and school volunteers, as well as community organizations, such as faith-based, health and human service, business and law enforcement, in the development of this Policy. Based on locally determined and accepted core ethical values adopted by the Board, pursuant to N.J.A.C. 6A:16-7.1(a)2, the Board must develop guidelines for student conduct pursuant to N.J.A.C. 6A:16-7.1. These guidelines for student conduct will take into consideration the developmental ages of students, the severity of the offenses and students' histories of inappropriate behaviors, and the mission and physical facilities of the individual school(s) in the
district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent must annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. Students are encouraged to support other students who:

1. Walk away from acts of harassment, intimidation, and bullying when they see them;

2. Constructively attempt to stop acts of harassment, intimidation, or bullying;

3. Provide support to students who have been subjected to harassment, intimidation, or bullying; and

4. Report acts of harassment, intimidation, and bullying to the designated school staff member.

D. Consequences and Appropriate Remedial Actions

Consequences and Appropriate Remedial Actions – Students

The Board of Education requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for students who commit one or more acts of harassment, intimidation, or bullying, consistent with the Code of Student Conduct. The following factors, at a minimum, shall be given full consideration by school administrators in the implementation of appropriate consequences and remedial measures for each act of harassment, intimidation, or bullying by students.

Appropriate remedial action for a student who commits an act of harassment, intimidation, or bullying that takes into account the nature of the behavior; the nature of the student’s disability, if any, and to the extent relevant; the developmental age of the student; and the student’s history of problem behaviors and performance. The appropriate remedial action may also include a behavioral

Remedial measures
may include, but not be limited to: in or out-of-school counseling, professional development programs, and work environment modifications.

Target/Victim Support

Districts should identify a range of strategies and resources that will be available to individual victims of harassment, intimidation, and bullying, and respond in a manner that provides relief to victims and does not stigmatize victims or further their sense of persecution. The type, diversity, location, and degree of support are directly related to the student’s perception of safety.

Sufficient safety measures should be undertaken to ensure the victims’ physical and social-emotional well-being and their ability to learn in a safe, supportive, and civil educational environment.

Examples of support for student victims of harassment, intimidation, and bullying include:

E. Harassment, Intimidation, and Bullying Reporting Procedure

The Board of Education requires the Principal at each school to be responsible for receiving complaints alleging violations of this Policy. All Board members, school employees, and volunteers and contracted service providers who have contact with students are required to verbally report alleged violations of this Policy to the Principal or the Principal’s designee on the same day when the individual witnessed or received reliable information regarding any such incident. All Board members, school employees, and volunteers and contracted service providers who have contact with students, also shall submit a report in writing to the Principal within two school days of the verbal report.

The Principal or designee will inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. The Principal or designee shall take into account the circumstances of the incident when providing notification to parents of all students involved in the reported harassment, intimidation, or bullying incident and when conveying the nature of the incident, including the actual or perceived protected category motivating the alleged offense. The Principal, upon receiving a verbal or written report, may take interim measures to ensure the safety, health, and welfare of all parties pending the findings of the investigation.

Students, parents, and visitors are encouraged to report alleged violations of this Policy to the Principal on the same day when the individual witnessed or received reliable information regarding any such incident.

A person may report, verbally or in writing, an act of harassment, intimidation, or bullying committed by an adult or youth against a student anonymously. The Board will not take formal disciplinary action based solely on the anonymous report.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with the procedures set forth in this Policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

In accordance with the provisions of N.J.S.A. 18A:37-18, the harassment, intimidation, and bullying law does not prevent a victim from seeking redress
under any other available law, either civil or criminal, nor does it create or alter
any tort liability.

The district may consider every mechanism available to simplify reporting,
including standard reporting forms and/or web-based reporting mechanisms. For
anonymous reporting, the district may consider locked boxes located in areas of a
school where reports can be submitted without fear of being observed.

A school administrator who receives a report of harassment, intimidation, and
bullying from a district employee, and fails to initiate or conduct an investigation,
or who should have known of an incident of harassment, intimidation, or bullying
and fails to take sufficient action to minimize or eliminate the harassment,
imidation, or bullying, may be subject to disciplinary action.

The range of ways in which school staff will respond shall include an appropriate combination of counseling, support services, intervention services, and other programs. If it is found that the removed student did not commit these firearm offenses, the student shall be immediately returned to the program from which he or she was removed.
The Superintendent shall make the final determination on whether the general education student removed in accordance with the requirements of N.J.A.C. 6A:16-5.5 and this Policy is prepared to return to the general education program or will remain in an alternative education program, pursuant to N.J.A.C. 6A:16-9.1 et seq., or receive home or other out-of-school instruction, pursuant to N.J.A.C. 6A:16-10 based on the criteria outlined in N.J.A.C. 6A:16-5.5(i).

If a student, other than a student with a disability, is removed from the general education program pursuant to N.J.A.C. 6A:16-5.5 and this Policy, and a placement in an alternative education program is not available, the general education student shall be provided home or other out-of-school instruction according to N.J.A.C. 6A:16-10.2 until placement is available.

The Superintendent of Schools biannually shall submit to the Commissioner of Education a report on each incident under N.J.A.C. 6A:16-5.5 utilizing the Student Safety Data System (SSDS), pursuant to N.J.A.C. 6A:16-5.3(d)1.

1. The procedural due process rights set forth in N.J.A.C. 6A:16-7.1(c) 3 and 7.3, and as outlined in Policy and Regulation 5610, subsequent to a long-term suspension pursuant to N.J.A.C. 6A:16-7.3; and

EQUAL EDUCATIONAL OPPORTUNITY (M)

Affirmative action shall be taken to ensure that students are protected from the effects of discrimination, in accordance with Policy 2260. Students who experience less than equal educational opportunities or experience discrimination shall use the procedure established by Regulation 5750 to report and appeal any harassment or discriminatory practice.

The conduct of teaching staff members shall exemplify the highest principles of equality and democracy. Conduct and attitudes that display discrimination are contrary to the policies of this Board and, further, are destructive to the self esteem that this Board wishes to encourage in all students. A teaching staff member’s act of derision or enmity, in any form, against a person or persons on the basis of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability shall be considered to be conduct unbecoming to a professional staff member of this district and shall be subject to appropriate discipline.

The Superintendent shall develop and promulgate a procedure by which a student or parent may appeal Board policy, district practice, or the act or omission of any district employee that allegedly violates this policy.

5751 SEXUAL HARASSMENT (M)

M

The Board of Education will not tolerate sexual harassment of pupils by school employees, other pupils, or third parties. Sexual harassment of pupils is a form of prohibited sex discrimination. School district staff will investigate and resolve allegations of sexual harassment of pupils engaged in by school employees, other pupils (peers), or third parties.

The Board shall establish a grievance procedure through which school district staff and/or pupils can report alleged sexual discrimination, including sexual harassment which may include quid pro quo harassment and hostile environment.

Definitions:

1. Quid pro quo harassment occurs when a school employee explicitly or implicitly conditions a pupil’s participation in an educational program or activity or bases an educational decision on the pupil’s submission to unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Quid Pro Quo Harassment is equally unlawful whether the pupil resists and suffers the threatened harm or submits and thus avoids the threatened harm.

2. Hostile environment sexual harassment is sexually harassing conduct (which can include unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature) by an employee, by another pupil, or by a third party that is sufficiently severe, persistent, or pervasive to limit a pupil’s ability to participate in or benefit from an educational program or activity, or to create a hostile or abusive educational environment.

This Policy protects any “person” from sex discrimination; accordingly both male and female pupils are protected from sexual harassment engaged in by school district employees, other pupils, or third parties. Sexual harassment, regardless of the gender of the harasser, even if the harasser and the pupil being harassed are members of the same gender is prohibited. Harassing conduct of a sexual nature directed toward any pupil, regardless of the pupil's sexual orientation, may create a sexually hostile environment and therefore constitute sexual harassment. Nonsexual touching or other nonsexual conduct does not constitute sexual harassment.
The regulation and grievance procedure shall provide a mechanism for discovering sexual harassment as early as possible and for effectively correcting problems.

The Superintendent, or designee, will take steps to avoid any further sexual harassment and to prevent any retaliation against the pupil who made the complaint, was the subject of the harassment, or against those who provided the information or were witnesses. The school district staff can learn of sexual harassment through notice and any other means such as from a witness to an incident, an anonymous letter or telephone call.

This policy and regulation on sexual harassment of pupils shall be published and distributed to pupils and employees to ensure all pupils and employees understand the nature of sexual harassment and that the Board will not tolerate it. The Board shall provide training for all staff and age-appropriate classroom information for pupils to ensure the staff and the pupils understand what type of conduct can cause sexual harassment and that the staff know the school district policy and regulation on how to respond.

In cases of alleged harassment, the protections of the First Amendment must be considered if issues of speech or expression are involved. Free speech rights apply in the classroom and in all other programs in the public schools. The Superintendent, or designee, will formulate, interpret, and apply the policy so as to protect free speech rights of staff, pupils and third parties.

In addition, if the Board accepts federal funds, the Board shall be bound by Title IX of the Education Amendments of 1972 prohibiting sexual harassment of pupils. Title IX applies to all public school districts that receive federal funds and protects pupils in connection with all the academic, educational, extra-curricular, athletic, and other programs of the school district, whether they take place in the school facilities, on the school bus, at a class or training program sponsored by the school in a school building or at another location.

Adopted: 18 July 2006
The Board of Education believes that information about individual students must be compiled and maintained in the interest of the student’s educational welfare and advancement. The Board will strive to balance the student’s right to privacy against the district’s need to collect, retain, and use information about individual students and groups of students. The Board authorizes the establishment and maintenance of student files that include only those records mandated by law, rules of the State Board of Education, authorized administrative directive, and those records permitted by this Board.

The Superintendent shall prepare, present to the Board for approval, and distribute regulations that implement this Policy and conform to applicable State and Federal law and rules of the State Board of Education.

General Considerations

The Board of Education shall compile and maintain student records and regulate access, disclosure, or communication of information contained in educational records in a manner that assures the security of such records in accordance with the provisions of N.J.A.C. 6A:32-7.1 et seq. Student records shall contain only such information as is relevant to the education of the student and is objectively based on the personal observations or knowledge of the certified school personnel who originate(s) the record. The school district shall provide annual, written notification to parents, adult students, and emancipated minors of their rights in regard to student records and student participation in educational, occupational, and military recruitment programs. Copies of the applicable State and Federal laws and local policies shall be made available upon request. The school district shall make every effort to notify parents and adult students in their dominant language.

Nothing in this Policy shall be construed to prohibit certified school personnel from disclosing student records to non-adult students or to appropriate persons in connection with an emergency, if such knowledge is necessary to protect the health or safety of the student or other persons.

No liability shall be attached to any member, officer, or employee of the Board of Education permitting access or furnishing student records in accordance with N.J.A.C. 6A:32-7.1 et seq.

Student Information Directory

A student information directory is a publication of the Board of Education that includes information relating to a student as defined in N.J.A.C. 6A:32-2.1. This information includes: name; grade level; date and place of birth; dates of school attendance; major field of study;
participation in officially recognized activities; weight and height relating to athletic team membership; degrees; awards; the most recent educational agency attended by the student; and other similar information. The student information directory shall be used only by authorized school district personnel and for designated official use by judicial, law enforcement, and medical personnel and not for general public consumption. In the event the school district publishes a student information directory, the Superintendent or designee will provide a parent or adult student a ten-day period to submit to the Superintendent a written statement prohibiting the school district from including any or all types of information about the student in any student information directory before allowing access to such directory to educational, occupational, and military recruiters pursuant to N.J.S.A. 18A:36-19.1 and P.L. 107-110 sec. 9528, Armed Forces Recruiter Access to Students and Student Recruiting Information of the No Child Left Behind Act of 2001.

School Contact Directory for Official Use

A school contact directory for official use is a compilation by the school district that includes the following information for each student: name; address; telephone number; date of birth; and school enrollment. The district shall compile and maintain a school contact directory for official use that is separate and distinct from the student information directory. The student contact directory may be provided for official use only to judicial and law enforcement personnel, and to medical personnel currently providing services to the student in question. To exclude any information from the school contact directory for official use the parent, adult student, or emancipated minor shall notify the Superintendent or designee in writing.

Mandated and Permitted Student Records

Mandated student records are those records school districts have been directed to compile by State statute, regulations, or authorized administrative directive in accordance with N.J.A.C. 6A:32-7.3.

Permitted student records are those student records not mandated pursuant to N.J.A.C. 6A:32-7.3, but authorized by the Board to promote the student’s educational welfare. The Board shall authorize the permitted records to be collected by adopting Policy and Regulation 8330, which will list such permitted records.

Maintenance and Security of Student Records

The Superintendent or designee shall be responsible for the security of student records maintained in the school district. Policy and Regulation 8330 assure that access to such records is limited to authorized persons.
Records for each individual student may be stored electronically or in paper format. When student records are stored electronically, proper security and back-up procedures shall be administered.

Student health records, whether stored on paper or electronically, shall be maintained separately from other student records, until such time as graduation or termination, whereupon the health history and immunization record shall be removed from the student's health record and placed in the student's mandated record. Records shall be accessible during the hours in which the school program is in operation.

Any district internet website shall not disclose any personally identifiable information about a student without receiving prior written consent from the student's parent, in accordance with the provisions of N.J.S.A. 18A:36-35. Personally identifiable information means student names; student photos; student addresses; student e-mail addresses; student phone numbers; and locations and times of class trips.

Access to Student Records

Only authorized organizations, agencies, or persons as defined in N.J.A.C. 6A:32-7.5 shall have access to student records, including student health records. Access to student records shall be provided to persons authorized such access under N.J.A.C. 6A:32-7.1 et seq. within ten days of a request, but prior to any review or hearing conducted in accordance with N.J.A.C. 6A.

The district shall control access to, disclosure of, and communication regarding information contained in student health records to assure access only to people permitted by Federal and State statute and regulations in accordance with N.J.A.C. 6A:32-7.5.

The district may charge a reasonable fee for reproduction of student records, not to exceed the schedule of costs set forth in N.J.S.A. 47:1A-5, provided that the cost does not effectively prevent the parents or adult students from exercising their rights under N.J.A.C. 6A:32-7 or other Federal and State rules and regulations regarding students with disabilities, including N.J.A.C. 6A:14.

Access to and disclosure of a student’s health record shall meet the requirements of the Family Education Rights and Privacy Act, 34 C.F.R. Part 99 (FERPA).

Only authorized organizations, agencies, or persons as defined in N.J.A.C. 6A:32-7.5 shall have access to student records, including student health records.

Nothing in N.J.A.C. 6A:32-7.1 et seq. or in Policy and Regulation 8330 shall be construed to prohibit school personnel from disclosing information contained in the student health record to
students or adults in connection with an emergency, if such knowledge is necessary to protect the immediate health or safety of the student or other persons.

In complying with N.J.A.C. 6A:32-7 – Student Records, individuals shall adhere to requirements pursuant to N.J.S.A. 47:1A-10, the Open Public Records Act (OPRA) and 34 CFR Part 99, the Family Educational Rights and Privacy Act (FERPA).

Conditions for Access to Student Records

All authorized organizations, agencies, and persons defined in N.J.A.C. 6A:32-7.1 et seq. shall have access to the records of a student subject to conditions outlined in N.J.A.C. 6A:32-7.6(a).

Rights of Appeal for Parents and Adult Students

Student records are subject to challenge by parents and adult students on the grounds of inaccuracy, irrelevancy, impermissive disclosure, inclusion of improper information or denial of access to organizations, agencies, and persons in accordance with N.J.A.C. 6A:32-7.7(a).

To request a change in the record or to request a stay of disclosure pending final determination of the challenged procedure, the parent or adult student shall follow the procedures pursuant to N.J.A.C. 6A:32-7.7(b).

Appeals relating to student records for students with disabilities shall be processed in accordance with the requirements of N.J.A.C. 6A:32-7.7(b).

Regardless of the outcome of any appeal, a parent or adult student shall be permitted to place in the student record a statement commenting upon the information in the student record or setting forth any reasons for disagreement with the decision made in the appeal. Such statements shall be maintained as part of the student record as long as the contested portion of the record is maintained. If the contested portion of the record is disclosed to any party, the statement commenting upon the information shall also be disclosed to that party.

Retention and Disposal of Student Records

A student record is considered to be incomplete and not subject to the provisions of the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq., while the student is enrolled in the school district. The school district shall retain the student health record and the health history and immunization record according to the School District Records Retention Schedule, as determined by the New Jersey State Records Committee.
Student records of currently enrolled students, other than that described in N.J.A.C. 6A:32-7.8(e), may be disposed of after the information is no longer necessary to provide educational services to a student and in accordance with the provisions of N.J.A.C. 6A:32-7.8(b).

Upon graduation or permanent departure of a student from the school district, the parent or adult student shall be notified in writing that a copy of the entire student record will be provided to them upon request. Information in student records, other than that described in N.J.A.C. 6A:32-7.8(e), may be disposed of, but only in accordance with the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq. Such disposition shall be in accordance with the provisions of N.J.A.C. 6A:32-7.8(c)2.

No additions shall be made to the record after graduation or permanent departure without the prior written consent of the parent or adult student.

In accordance with N.J.A.C. 6A:32-7.8(e), the New Jersey public school district of last enrollment, graduation, or permanent departure of the student from the school district shall keep for 100 years a mandated record of a student's name, date of birth, name of parents, gender, health history and immunization, standardized assessment results, grades, attendance, classes attended, grade level completed, year completed, and years of attendance.
