PHC is open seven days a week so members have easy access. Since the facility is dedicated exclusively to Toms River School District health plan members and their covered dependents, it is not open to the public. However, reciprocal access is available with other school district Partnership Health Centers in Brick, Long Branch, and, South Brunswick (to open in the fall 2022).

Services available at Toms River Partnership Health Center include the following:

- Telemedicine
- Physicals
- Physical Therapy
- Primary & Preventive care
- Immunizations
- Care Coordination
- Pharmacy
- Blood Pressure Checks
- COVID-19 Testing
- X-Ray
- Behavioral Health
- Chronic Disease Management and Education
- Lab services
- Chiropractic
- Acupuncture
- Urgent care

Some of our most commonly used services are health screenings (including cancer screening), blood pressure checks, cardiovascular risk assessments, physicals, including sports physicals, annual physicals, pre-op clearance physicals, and CDL (Commercial Driver’s License) physicals. We also offer laboratory services and in-office testing, such as strep, flu, urine, and pregnancy testing. Vaccinations, including immunizations for shingles, measles, hepatitis A and B, tetanus, and meningitis A and B are available. Even laceration repairs, initial fracture management, and hearing screenings are performed.

While members are still able to schedule in person visits, we are happy to offer telemedicine appointments as well. Additionally, curbside services, such as flu shots are available.

No one has more primary care services in one place than PHC. With same day appointments, no copays and exclusive access, we are the easy choice for Toms River School employees. Healthcare is only a phone call and moments away: (732) 505-0213
